

## NDI Sales E-mails

### General Sales E-mail:

#### *Subject Line – NDI can help you improve your company's bottom line!*

Are you interested in increasing your company's bottom line? Are you looking for ways to improve productivity and efficiency? If you answered yes to these questions, then National Document Imaging (NDI) has an exciting opportunity for you!

NDI can help take your business into the digital age by taking your paper files and converting them into digital records that can be easily retrieved at a moment's notice. There are numerous benefits to using NDI's document imaging services. Here are some examples:

- **Provides quick and easy access to information.** Searching endlessly through countless paper files will be a thing of the past. With NDI's state-of-the-art technology, the information you need can be found instantly with just the click of a mouse.
- **Keeps important information more secure.** File encryption and user-defined passwords can be used to protect sensitive information. You'll also never need to worry about losing paper documents again, because your digital archives can be backed up and saved in multiple locations for safekeeping.
- **Reduces expenses and storage space.** By converting to document imaging, you eliminate the need for file storage and the associated supply costs of paper files. Over time, NDI's services will have saved you a substantial amount of money!

Best of all, NDI understands that not all businesses are the same and will work with you to deliver fully-customized service. We have been a key player in the document imaging industry for well over a decade. With that kind of experience, you can trust that we have the expertise needed to fulfill all of your imaging needs.

But don't just take our word for it – sign up today for our FREE demo and see firsthand how document imaging can improve your business. ## Sales E-mail Targeted to Lawyers:

### *Subject Line – Are you drowning in a sea of paperwork? NDI can help!*

Are you spending too much time searching through masses of paper files just to find a document you need only to realize that it's been lost? If so, National Document Imaging (NDI) has a solution for you. We understand that the legal industry is one that is riddled with paperwork – case studies, court transcripts, depositions, contracts, and much more.... It can all get overwhelming very quickly. Finding a storage solution is often needed, and we are here to help.

NDI can help take your office into the digital age by taking your paper files and converting them into digital records that can be easily retrieved at a moment's notice. There are numerous benefits to using NDI's document imaging services. Here are some examples:

- **Provides quick and easy access to information.** Searching endlessly through countless paper files will be a thing of the past. With NDI's state-of-the-art technology, the information you need can be found instantly with just the click of a mouse.
- **Keeps important information more secure.** File encryption and user-defined passwords can be used to protect sensitive information. You'll also never need to worry about losing paper documents again, because your digital archives can be backed up and saved in multiple locations for safekeeping.
- **Reduces expenses and storage space.** By converting to document imaging, you eliminate the need for file storage and the associated supply costs of paper files. Over time, NDI's services will have saved you a substantial amount of money!

## Sales E-mail Targeted to Medical Field/Doctors:

### *Subject Line – NDI can help you get to life-saving information FAST!*

Does it seem like your office is becoming overrun by filing cabinets? Have you already or are you soon going to need to hire additional staff just to manage all those paper files? If so, National Document Imaging (NDI) can help you regain office space and save you money!

In addition, NDI understands that timing is often critical in the medical field. In the case of an emergency, healthcare professionals need to be able to rapidly access information contained in patients' files. Recruiting NDI to upgrade your office to digital technology could potentially save lives! Here's how it works -- we take your paper files and convert them into digital records that can be easily retrieved at a moment's notice. There are numerous benefits to using NDI's document imaging services. Here are some examples:

- **Provides quick and easy access to information.** Searching endlessly through countless paper files will be a thing of the past. With NDI's state-of-the-art technology, the information you need can be found instantly with just the click of a mouse.

## Sales E-mail Targeted to Hurricane Katrina Victims:

***Subject Line – NDI can keep your important information safe from natural disasters!***

Numerous businesses lost everything during the turmoil caused by Hurricane Katrina. Not only did they lose their storefronts and offices, many also lost all of their paperwork (customer files, important documents, etc.), which has made rebuilding that much harder. If only that information had been stored in a format that kept it safe from such a natural disaster....

NDI understands the strife Hurricane Katrina has caused and is here to offer you a solution that will ensure that you never lose your vital information again. Here's how it works -- we take your paper files and convert them into digital records that can be easily retrieved at a moment's notice. Those archives can then be saved on-line, on compact disks, or on computer hard drives.

There are numerous benefits to using NDI's document imaging services. Here are some examples:

- **Provides quick and easy access to information.** Searching endlessly through countless paper files will be a thing of the past. With NDI's state-of-the-art technology, the information you need can be found instantly with just the click of a mouse.
- **Keeps important information more secure.** File encryption and user-defined passwords can be used to protect sensitive information. You'll also never need to worry about losing paper documents again, because your digital archives can be backed up and saved in multiple locations for safekeeping.
- **Reduces expenses and storage space.** By converting to document imaging, you eliminate the need for file storage and the associated supply costs of paper files. Over time, NDI's services will have saved you a substantial amount of money!

Best of all, NDI understands that not all businesses are the same and will work with you to deliver fully-customized service. We have been a key player in the document imaging industry for well over a decade. With that kind of experience, you can trust that we have the expertise needed to fulfill all of your imaging needs.
